

18<sup>th</sup> March 2022

**- To Whom It May Concern -**

**“The Reform of Use of Red Diesel and other Rebated Fuels”**

From **1<sup>st</sup> April 2022**, HMRC have advised that red diesel (rebated fuel) can no longer be used in most industry sectors which includes construction and general use.

As of **21<sup>st</sup> March 2022**, we will no longer stock and supply red diesel – this allows us time to flush the tanks and be ready for the 1<sup>st</sup> of April 2022 deadline set by HMRC.

Details regarding this can be found on the Gov.uk website here:

<https://www.gov.uk/government/publications/reform-of-red-diesel-entitlements/reform-of-red-diesel-and-other-rebated-fuels-entitlement>

- From 21<sup>st</sup> March 2022 we will supply all equipment with **White Diesel only**
- Any equipment returned with Red Diesel in the tank will incur a disposal and tank flushing charge

Please be free to contact us if we can be of assistance.

Thank you and kind regards,
